

Social Media song lyrics by [Highway 31](#)

If you saw me would you swipe left or swipe up
Cuz you know you love me

And if you saw what I posted would we break up
As if you didn't know me

And I know
Life's so hard
When you're on social media

If you could I wish you would
You gotta let it go
You gotta let it go go

Cause if you could I wish you would
You gotta let it go
You gotta let it go go go

Quit being so serious
Serious

Did ya see my Insta did I look fat
Well I can filter it on Snap

Did you see that pic on Thursday Throwback
Why did mom have to post that

And I know
Life's so hard
When you're on social media

If you could I wish you would
You gotta let it go
You gotta let it go go

Cause if you could I wish you would
You gotta let it go
You gotta let it go go go

Ooo woo hoo Ooo woo hoo
Ooo woo hoo Ooo woo hoo

Well I lost my job now I'm living with Mom cuz that Tweet
Can you please forgive me

I set myself on fire on the Tube for you
Hey but I got a lot of views

And I know
Life's so hard
When you're on social media

If you could I wish you would
You gotta let it go
You gotta let it go go

Cause if you could I wish you would
You gotta let it go
You gotta let it go go go

I completely posted my life
And and I didn't even get any likes
Yeah, well
I guess it's over
Yep
Yeah
Well I guess it's over

If you could I wish you would
You gotta let it go
You gotta let it go go

Cause if you could I wish you would
You gotta let it go
You gotta let it go go

Cause if you could I wish you would
You gotta let it go
You gotta let it go go go

Ooo woo hoo Ooo woo hoo
Hey
Ooo woo hoo Ooo woo hoo
Don't give up
Ooo woo hoo Ooo woo hoo
Keep postin
Keep postin
I need to charge my phone
